< 1%-25%

< 25%-50%

< 50%-75%

< 75%-100%

If the last indicator flashes, the power is low.  
Please reload.

## Notes and Warnings

- If the device will not be used for a long time, please charge it at least every three months.
- It may produce increased heat during charging, which is normal as it is below 55° C.
- Always keep this device dry and do not clean it with chemicals.
- Children should use it under adult guidance.
- Do not strike, disassemble, impale or place this device in humid conditions.
- Do not use it to charge devices with incompatible current and voltage, which will cause fire or other problems.

## FAQ

- **When this device is not charging:**
  - Please check the cable or adapter being used.
  - If not, please choose compatible components to charge it.
- **When it's charging for the phone.**
  - Please make sure the power is on and there is power left on the device.
  - If all of the above are correct, please contact us for assistance.

Old electrical appliances should not be discarded with household waste, should be disposed of separately in collection points available. The owner of old appliances is responsible for taking them for these points to be given the correct destination. With this little personal effort you contribute to recycling valuable raw materials and the treatment of toxic substances.

RoHS  
compliant

## Warranty term

Warranty:

**1 YEAR**

Easy Mobile products strictly follow all the rules and regulations in force in the country, so you can safely enjoy all the benefits that the device can provide.

### Loss of Warranty:

- Product infringement by unauthorized persons or technicians.
- Damage caused by misuse such as: chemical wear; exposure to extreme temperatures; ruptures; cracks and deformation from falls.
- Damage to loading doors caused by uncertified cables. Easy Mobile cables are recommended.
- Damage caused by uneven voltage, out of specification of the device.
