How to use the wireless charger?

1. Connect the wireless charger holder to a power source (car charger) using the Micro-USB cable.
2. Check whether the LED is clear or not.
3. Place your smartphone on the loader. It is automatically locked and firmly.
4. Mounting the charger will detect the smartphone and will automatically charge it.

Important safety instructions

Failure to follow safety instructions can cause fire, electric shock, personal injury or property damage or damage to this product. Be sure to read the entire manual - The wireless car charger assembly can charge all Qi-enabled devices.

You can charge your smartphone with a phone case, unless the thickness is less than 5 mm. Do not use the unit if it has been dropped or damaged in any way. Repairs to electrical equipment should only be carried out by a qualified electrician. Inappropriate repairs can put the user at serious risk. Please DO NOT place any magnetic and metallic materials, such as a key chain and credit card, between the smartphone and the charger during charging. If the phone cover contains metallic or magnetic materials, remove it. Do not immerse in the liquid. To obtain the best performance of the charger assembly, it is suggested to use the QC2.0 / QC3.0 car charger. Screw the ring in correctly, allowing for 360 degree rotation. Keep the unit out of the reach of children.

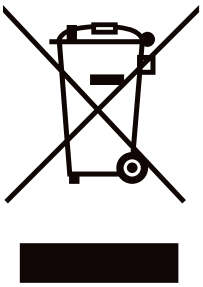
COMMON QUESTIONS

- The LED is not lit:
  Check that the car charger is charging and check that the power charging is connected correctly.

- Smartphone does not charge:
  Make sure there are no materials metallic or magnetic on the back smartphone, and the thickness of the phone is less than 5 mm.

STANDARD QUALITY IQ

The **Power Mate Car Kit 1**0 has passed the tests defined in the Qi wireless energy specification and works correctly when used in combination with other products that are licensed according to Qi Standards.



Electrical devices must not be disposed of with household waste, they must be disposed of correctly at the available collection points, so that the correct destination is given. With this small personal effort, you contribute to the recycling of valuable raw materials and the treatment of toxic substances.

RoHS

Garantia: 1 ANO

Easy Mobile products strictly follow all the norms and rules in force in the country's legislation so that you can safely enjoy all the benefits that the device can provide you.
